

# 5.5m Promenade Pole Single Outreach In-Ground

For parks, neighbourhoods and other areas where you want the most attractive solution, choose our 5.5M Promenade Pole, with single outreach. Suitable for in-ground street lighting. This light pole is the perfect way to implement solar lighting whilst complementing the surrounding area.

The Promenade pole is a decorative option not often available with solar lighting. It is able to blend into many different environments, making it ideal for parks, gardens and car parks.

- ✓ In-ground mount for easy installation
- ✓ Durable two pack paint
- ✓ Range of colours
- ✓ Single outreach - pole can be set back from pathways
- ✓ Compatible with Delta solar lights
