

Tapered Cone

A must for any construction site or road works project, traffic cones quickly and effectively alert road users to something out of the ordinary. Their bright colour ensures they're seen, tapered cones are the easiest and most affordable way to make sure your site stands out.

The 1m Tapered cones stack inside one another for easy transport and have a recycled rubber base. Ideal for tradespeople and contractors, these large traffic cones are available in red, yellow, blue and white each with a 250mm prismatic reflective sleeve.

- ✓ 1m tall tapered cone
- ✓ Stack inside one another for easy transport
- ✓ Recycled rubber base
- ✓ Available in red and yellow
- ✓ 250mm prismatic reflective sleeve
- ✓ Australian Standards Approved
