

# Surface Mount Bollard

**Bollards are designed to deter vehicles from pedestrian dense areas or private property. Whether its outdoor dining, strip shopping, or simply a footpath or bus stop, our steel bollards are a great option to encourage drivers to avoid an area.**

Saferoads offer a range of bollards, with different styles and sizes to choose from. **Bollards** can be finished in the colour of choice with several cap options available.

- ✓ Galvanized or steel options available
- ✓ Various colours available
- ✓ Several cap options available
- ✓ Australian Standards Approved

## Applications
