- ✓ Sealed, maintenance free batteries
- ✓ Separate control panel from locked battery box
- ✓ Extra solar panel is slide out to minimise footprint during transit
- ✓ Custom made coil chord, which reduces tangling & sagging
- ✓ External 240V charging port for extra charging if required

Product Code	F1505000
Weight	910kg
TARE	910kg
Length Overall	336cm
Width Overall	200cm
Travelling Height	305cm
Deployed Footprint Length	375cm
Deployed Footprint Width	200cm
Max Deployed Height	610cm
Number of 12V 200AH Batteries	6
No. of 250W Solar Panels	3 (Optional 4)
