

Description

Saferoads Rubber Speed Humps are a durable solution to slow drivers down, and control traffic. If you need to slow and control drivers down as they enter and exit car parks and other facilities, Saferoads rubber speed humps are the ideal option.

Features

- Engages the driver to reduce speed
- Manufactured with recycled rubber
- Highly visible, durable and built to last
- Cost effective alternative to asphalt or concrete
- Cable/hose protector for temporary applications
- Extra fasteners to prevent dislodging or cracking
- 75mm model complies with Australian Standards
- 50mm model minimises driver discomfort
- Ready for immediate use, installed in minutes with minimal disruptions

2 Year
Warranty
