

Zone VMS Classic

For our most powerful variable message sign yet, our Zone VMS Classic is a must. Slightly larger than the Essential model, with added solar panels and batteries, the 5 colour Zone VMS Classic is the ideal way to advertise your event or business, or encourage safe driving around roadworks and changed conditions.

Available in both amber or five colour fonts, the solar powered Zone Classic board is designed to be easily controlled via smartphone or tablet, ensuring your display reads correctly wherever it's located.
